

# Mini Museums Half Term Package

Are you doing a history topic over a term or half term? Why not sign up to our Mini Museums package and make it even more special? Using your topic as inspiration, Tullie House staff will help you create a mini museum in your classroom that will include objects from the museum collection. This is also an excellent framework for achieving Arts Award. **SPECIAL OFFER:** At a cost of just £60 plus the cost of Arts Award certificates (£2.50 per pupil) and transport to Tullie House, the package includes:

- An assembly
- A day long visit to Tullie House, including an object handling session on your topic and a session exploring how to create a museum
- A half day outreach session to get your museum started
- Tullie staff will attend a Grand Opening at your school
- Loan of objects from Tullie House
- Available topics include Egyptians, Romans, Vikings, Reivers, Tudors, and Victorians, but do ask if it's something else!

We piloted the package this year with four schools and teacher feedback was excellent across the board. As well as increasing pupil's knowledge of the topic, the project **improved speaking, listening and writing (for a purpose) skills, enquiry and thinking skills, team working, self-motivation and developing enterprise skills.**

Teacher comments include: "It was definitely a highlight of the term." "A great opportunity for the children." "The most worthwhile element of the project was the in depth knowledge that the children gained from the 'behind the scenes' point of view."
